Station Hours of Attendance

Goolwa: Station Master 0900 - 1635
Victor Harbor: Station Master 0930 to 1615

Power: To advise
Load: To advise

Authorisation is given for the operation of the above trains on the "daily Train Order" for each day's operation. In the event of a need to operate an extra movement or if a perway vehicle is required to be "on track" the "daily" Train Order is to be cancelled and replaced with single journey Train Orders. A mobile phone will be carried on the above trains and will be available for contact to the Guard during train running.

The above trains will not operate if the forecast maximum temperature for Victor Harbor is 35 degrees or above. When a total fireban has been declared for the Mt. Lofty Ranges and the temperature for Victor Harbor is predicted to be less than 35 degrees, trains will operate with diesel power. Train 551, when worked by F 251, will normally proceed to ash pit at Victor Harbor to clean the ash pan.
